London, Aug. 16.—The passage of the repeal of the party procession act was generally celebrated throughout Ireland yesterday by Roman Catholics, and in some places there was disorder. The rioters were finally dispersed by the police, not, however, until one man had been shot. CLEVELAND, Aug. 15. This pretty little town has been enlivened to-day by the presence of the representatives of the Simon-pure Democracy of the Third Congressional District, big with the weighty responsibility of choosing a candidate for Congress. Almost every shade of the genus Democrat was represented in the promiscuous crowds which gathered on the street corners and in bar rooms discussing the chances and claims, and pulling the wires for their various favorites. Just at this stage of the game, a gentleman, who afterwards proved a steadfast friend of Chancellor Key, although his name had been withdrawn seemingly with authority, by Mr. Clift, of Hamilton, became very anxious to have all the candidates commit themselves to the support of the Convention, no matter who was successful. They were all so committed by their friends, in less time than it takes to write it, and the interesting process of balloting commenced, the roll of counties being called in a clear, sonorous voice by the world renowned wit "Alligator." Blizzard received 68 votes on the first ballot, 69 being necessary to a choice. His friends were enthused over this very flattering vote, and felt sure he would obtain a majority on the next ballot. The second ballot was taken with little change. Some one then renewed the nominotion of Key, notwithstanding it had been stated that he did not desire it. Sheppard, of Chattanooga, after some sharp sparring with Judge Van Key was nominated the district would be represented in the next Congress by a Radical," This declaration startled Blizard's friends, and some of their eyes protruded wonderfully, while they blushed votes from Savage to Key, which gave him 72 votes, three more than a majority. ### Schurz and Sumner South.

The Pittsburg Dispatch says some of the Southern people are getting their eyes open to the character of Carl Schurz, and the active part which he took in denouncing them as still disloyal after the close of the war. The Richmond Enquirer, which supports the Baltimore ticket, does not have an exalted opinion of the Missouri turncoat, and reminds its readers that, in 1865, Gen. Grant was sent South by President Johnson to report upon the condition of that section of country. He re-Dyke, ventured to suggest that "unless turned and reported that there was "universal acquiescence in the authority of the General Government." President Johnson sent this report to Congress in his annual message. "Sumner declared that it was an effort to 'white-wash' the Southclear up to their eye-brows. On the 16th hallot, Warren, Grundy and Van Buren changed their rebellious, and did not acquiesce in the votes from Savage to Key, which gave him authority of the Federal Government. 'This,' continues the Enquirer, 'was the beginning of the reconstruction measures with faint applause, while Blizzard's friends of Congress, from the effects of which we commenced to retire abruptly. From the King of Bayaria, from the statesmen and Generals, scholars and artists, corporations and societies, many gifts and poems were also received.

#### Ex-Governor Curtin for Grant.

Mr. William H. Campbell told a Times eporter yesterday, at the Fifth avenue Hotel, that he had seen a letter from ex-Governor Curtin in London, to Mr. Jos. N. Bullock, merchant of Philadelphia. The letter was dated July 29, and stated he would return to the United States early in September. "When he returned," the letter said, "he (Mr, Curtin) would stump the State of Pennsylvania for Grant and Wilson."

#### The Effect in Pennsylvania,

The Scranton (Penn.) Republican says it has been pretty fully demonstrated throughout the State that the disaffection in the Republican party against General Grant is so puny and weak that it can be set aside without the least solicitude, The proportion of so-called Liberals is so small that it is more than doubly made good by true-blue Democrats who have come to the support of Grant in preference to Greeley.

THE EX-EMPRESS OF FRANCE.—The visit of Ex-Empress Eugenie and the Prince Imperial to Scotland is attended with constant displays of sympathy from large crowds that assemble wherever the presence of the party is known. On August 1 the Empress and son visited Abbotsford and Melrose Abbey. On 2d they departed from Edinburgh amid the cheering of a dense gathering around the hotel. Their destination was the Western Highlands.

A letter from Secretary Boutwell, dated Froton, Mass., August 9th, written just after his return from Maine, says that the prospect in Maine is good, and that there was never such a spirit among the mass of Republicans as exists now.

The Columbus Journal says: "Look not upon the watermelon when it is red, nor upon the stewed cherry when it giveth its color in the cup; at last it biteth like a soft shell crab and stingeth like the cholera morbus.

The Springfield Republican says; "The Tribune often seems to us unwisely conducted, either as an independent journal or a Presidential organ."

The Tolodo Commercial says: "The Southern Greeleyites talk much of the 'bloody chasm.' They know all about that chasm—they made it."

A dispatch from Geneva says the American representatives before the Board of Arbitration anticipate the recovery of damages to a large amount from England.

Physicians and medical men in all countries pronounce these wonderful remedies a mystery, that neither their science of analysis or chemical skill can explain. True, these medicines effect the most marvelous cures, and restore the dying to life, and relieve the most wretched pain-suffering victim of his tortures, in from one to twenty minutes, and although they know some of the ingredients of their composition, and Dr. Radway has ingredients of their composition, and Dr. Radway has published their formula (withholding only two newly discovered roots) still both French, German, English and American chemists and pharmaceutists utterly fail with the same ingredients as prepared by them. The great success which these wonderful remedies are constantly achieving, lies in the great secret of combining the ingredients together after accounts together. the ingredients together after exercising due care in selecting the pure and genuine roots.

Dr. Radway—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago culminated in a teribly afflicting disease, which the physicians all said was a spasmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years

der, and gave it as their opinion that my age-73 years —would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a new contract. ing Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sarsaparillian Resolvent, Ready Relief and Regulating Pills—and commenced taking them. In three days I was greatly relieved, and now feel as well as ever.
